

REMARKS

Claims 3 – 5 having been cancelled, claims 1, 2, and 6 – 11 remain in this application and all were previously allowed.

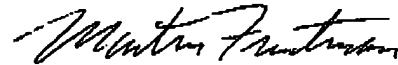

The Examiner has objected to the drawings under 37 CFR 1.83 (a) as not showing every feature of the invention specified in claims 3 – 5, and has required that the features of those claims be shown in the drawings or cancelled from the claims.

The applicant has therefore cancelled claims 3, 4, and 5 as indicated in the preceding amended claims.

The Applicant has made a bona fide attempt to respond to the rejection set forth by the Patent Office. Accordingly, it is submitted that the case is now in condition for issue, and early and favorable notice to this effect is respectfully solicited.

If an interview would facilitate disposal of the present application, it is suggested that the Examiner call the number noted below, at the Examiner's convenience, to discuss the matter.

Respectfully submitted,

Martin Fruitman
